L MISS TT 167

If you're looking for a stout female to add to your herd, take a look at this dark cherry red Marksman heifer! She has plenty of power and depth to go along with a very impressive set of EPD's. 6 traits(WW, YW, BB, CW, REA & MB) in the top 20% along with Indexes of 10/10/10. She has the eye catching phenotype as we had her pulled for our Baby Doll sale, she just didn't want to be a show heifer. This heifer would be a great addition to anyone's herd and could even be a donor one day.

FOR THE FIRST TIME EVER, Passion Farms releases top and bottom home grown genetics. First calf heifer, Red Rose 2043, is a Red Carpet 8520 daughter. Deep cherry red, polled, and easy fleshing. A very balanced female with a BWEPD in the top 5% of the breed. 2043 is safe in calf to Passion Farm's 2027, purchased by Demolition Cattle Company at the 2022 Red Doc Bull sale. This SGBI young sire trait leader stacks some of the most consistent SG genetics in El Sueno 8020 and donor dam, SR 90/4, a third generation donor. Two of Red Doc Farms most influential genetic lines. This offering represents some of the most dominant and proven efficient matings in the breed. Study the maternal lines in this cow/calf offering. You will find donor dams that show longevity, utter quality, and offspring that are being utilized in programs worldwide. 2043 is due to calve in Oct 2024.
